BMRDA Approval No: APA/LAO/159/2012-13

An Epicentre of Progress

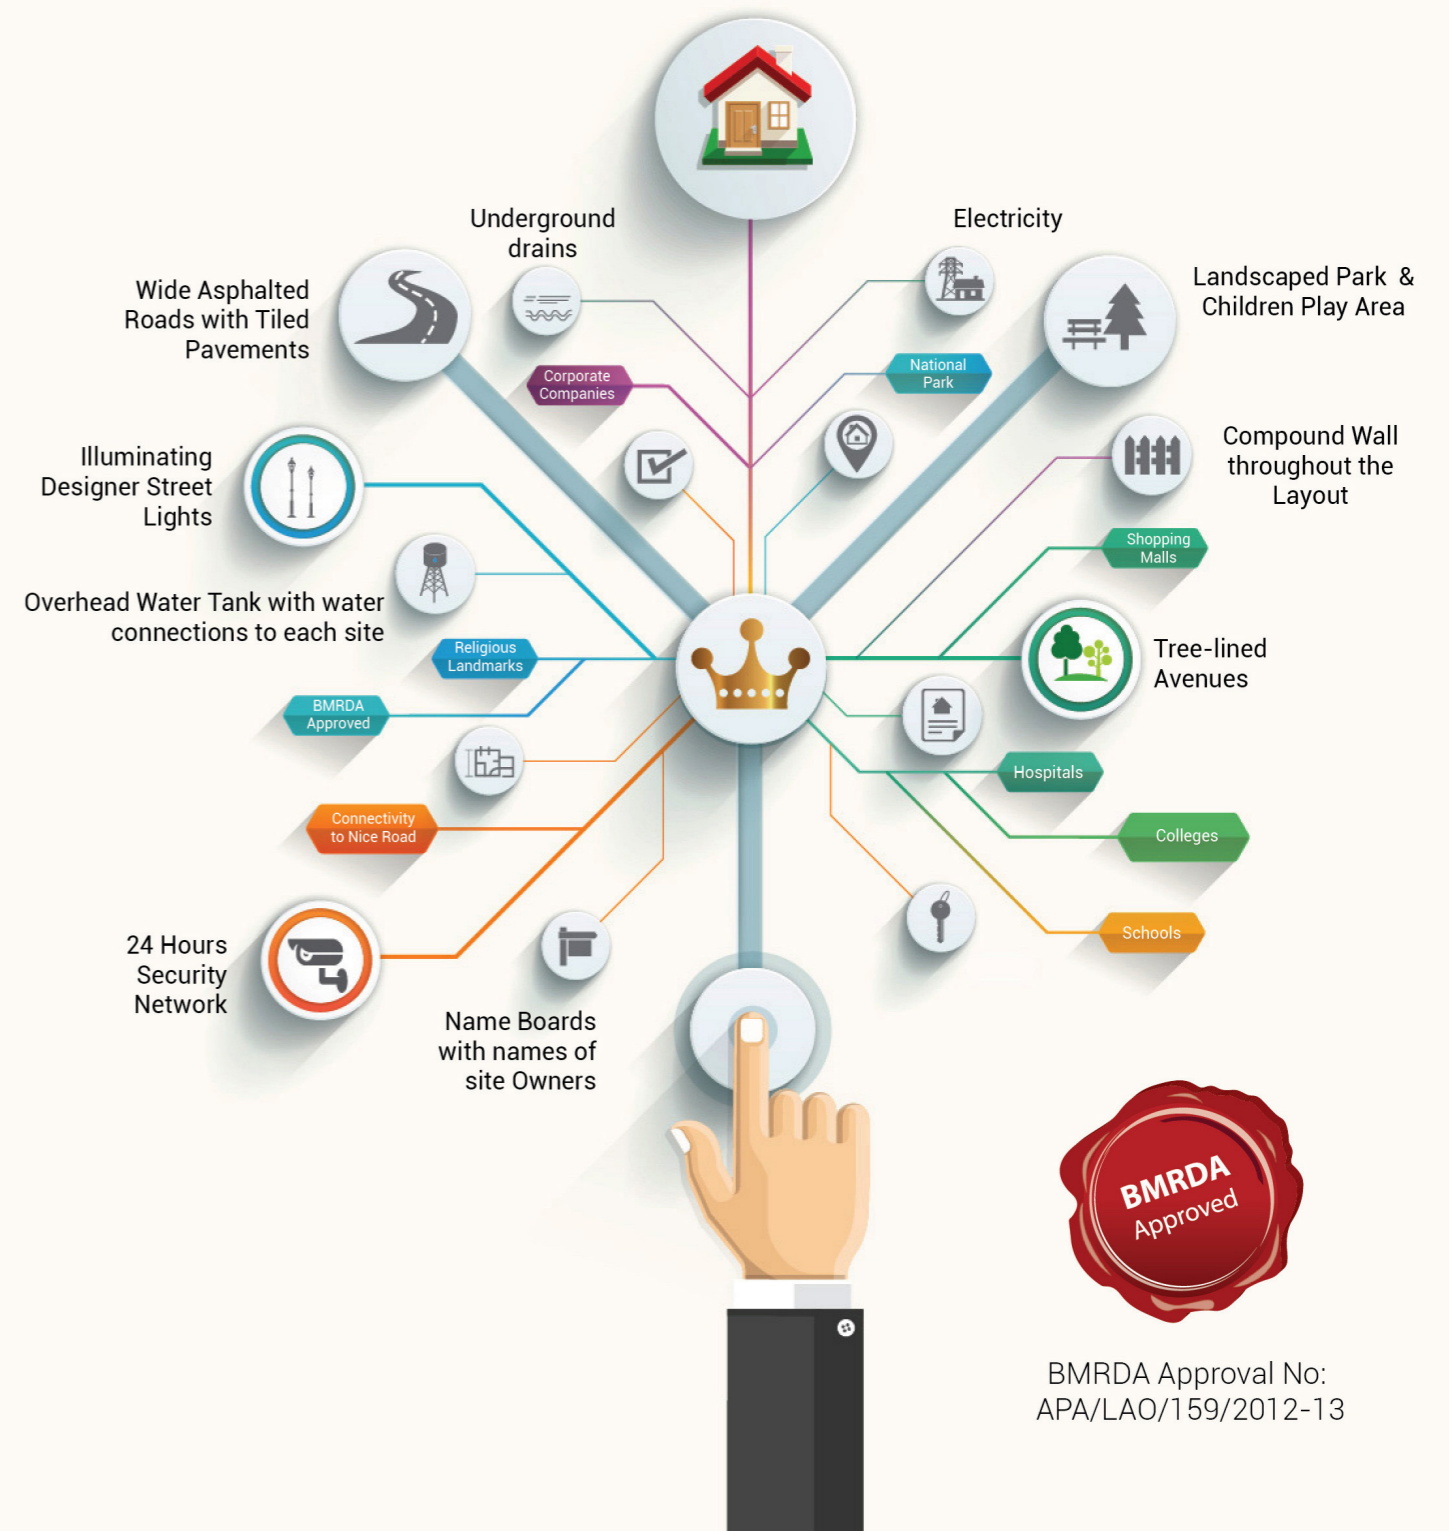

The entire stretch of Bannerghatta Road, right from Jayadeva Institute up to Anekal Town is highly developed, with Infrastructure, Connectivity, and Social Development Index far better than some of the other suburbs of Bangalore. That is why, this part of the city is extremely popular with NRIs (Non-Resident Indians) and HNIs (High Networth Individuals) who love to reside or invest here.

The very name evokes images of royalty and having the best of everything in life. True to its name, **Raja HoneyDew**, a Premium Residential Layout on Bannerghatta Road, offers a terrific combination of benefits and advantages.

This cluster of 86 sites spread over 4 acres and 16 guntas of prime land on Bannerghatta Road is located just 4 kms before the Bannerghatta National Park. Yet, it lies in the midst of a very well-developed residential and commercial locality. Several landmark projects from leading builders surround Raja Honeydew on all sides.

Raja HoneyDew is ready for home buyers to shift into, at the earliest. You can buy a site at Raja HoneyDew and build a home the way you want. The location and other advantages at Raja HoneyDew offer unprecedented value in terms of both appreciation and Quality of Life.

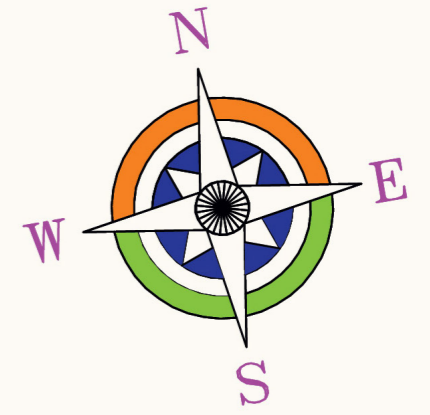

Having a home at **Raja HoneyDew** is bound to open the doors for new opportunities, a new lifestyle, and a new outlook to life, for you.
